8. **Fiscal implications:** The expenses identified in fiscal year 2004-05 represent the cost of a fourth Commissioner, his secretary and a legal assistant. Their costs were projected for five months assuming the fourth Commissioner would take office February 2005. There is also a one time cost projected in fiscal year 2004-05 to build out office space in the Tyler building for the above three additional people. Based on the current wording and my understanding of the possible impact of the bill I have projected the costs through fiscal year 2009-10. As you will see there is no allowance for any inflation or salary increases.

9. **Specific agency or political subdivisions affected:** State Corporation Commission
